Mission	Vision
P.S.63, Old South School Community provides a welcoming and affirming environment where we encourage our students by building on their strengths and background to develop advanced literacies and conceptual understanding through a culturally responsive sustaining education.	P.S.63, Old South School Community embraces students' talents and individuality to develop a Global Learning Academy where students use advanced literacies and deep conceptual understanding to collaborate and develop creative solutions through project based learning and explorations in preparation for the demands of the 21st century.
